# First Scandinavian Baltic Pancreas Symposium

September 20-21, 2019  
Comwell Kolding, Kolding, Denmark

Center for Pancreatic Diseases (Aalborg University Hospital) and Odense Pancreas Center (OPAC, Odense University Hospital) are happy to announce the First Scandinavian Baltic Pancreas Symposium. The symposium will cover several aspects of benign and malignant pancreatic diseases, but with special focus on Chronic Pancreatitis, Hypoglycemia and Pancreatic Cancer

More information and final  
programme will be available at  
[www.OPAC.nu](http://www.OPAC.nu)

# Programme – Friday September 20, 2019

## 10.00 – 12.30 PLENARY SESSION 1

|                                 |  |
|---------------------------------|--|
| 10.00 – 10.15                   | WELCOME                                    |
| 10.15 – 10.45                   | Genetics for Dummies (Torben Kruse)        |
| Genetics in pancreatic diseases |  |
| 10.45 – 11.15                   | Chronic Pancreatitis (Maiken T. Jørgensen) |
| 11.15 – 11.45                   | Pancreatic Cancer (Thomas Seufferlein)     |
| 11.45 – 12.15                   | Hypoglycemia (Klaus Brusgaard)             |
| 12.15 – 12.30                   | Discussion                                 |
| 12.30 – 13.30                   | Lunch & Exhibition                         |

## 13.30 – 14.30 BREAKOUT SESSIONS I

| Chronic Pancreatitis  | Pancreatic Cancer   | SBPC & Hypoglycemia  |
|---|---|--|
| Imaging in Chronic Pancreatitis (Jens Frøkjær)  | Particle Therapy in Pancreatic Cancer Patients: When, Why and How? (Morten Højer)           | The SBPC Database: An update on Results and Studies (Jacob Lykke Poulsen)  |
| How to evaluate the Exocrine Function of the Pancreas (Camilla Nøjgaard, Björn Lindkvist) | The Role of Stereotactic Body Radiation Therapy (SBRT) in Pancreatic Cancer (Olfred Hansen) | 18F-DOPA PET/CT in Diagnosing Focal Pancreatic Hyperinsulinism (Henrik Petersen)<br>Diffuse and Atypical Congenital Hyperinsulinism: Urgent Need for New Treatment Modalities (Amalie Greve) |

## 14.30 – 15.00 POSTER WALK

|               |                                 |
|---------------|---------------------------------|
| 15.00 – 15.45 | COFFEE, EXHIBITION & NETWORKING |
|---------------|---------------------------------|

## 15.45 – 17.15 PLENARY SESSION 2

|   |   |
|---|---|
| Nutritional problems in pancreatic diseases |   |
| 15.45 – 16.15                               | Chronic Pancreatitis (Henrik Højgaard Rasmussen)  |
| 16.15 – 16.45                               | Pancreatic Cancer (Mary Phillips)   |
| 16.45 – 17.15                               | Feeding avoidance, Overweight and Malabsorption in Children with Congenital Hyperinsulinism (Henrik Christesen) |

## 17.15 – 18.00 PLENARY SESSION 3

|                             |                 |
|-----------------------------|-----------------|
| Oral Presentations & Prices |                 |
| 19.00                       | DRINKS & DINNER |

# Programme – Saturday September 21, 2019

## 09.00 – 09.45 MEET THE EXPERTS

|                                    |  |
|------------------------------------|--|
| Hot Topics in Hypoglycemia         | Intraoperative Ultrasound in Surgery for Congenital Hyperinsulinism (Anna Pilegaard Bjarnesen) |
| Hot Topics In Pancreatic Cancer    | The importance of Pathologist-Surgeon Interaction (Sönke Detlefsen & Michael Bau Mortensen)    |
| Hot Topics in Chronic Pancreatitis | Risk Factors for developing Chronic Pancreatitis (Matthias Löhr)                               |

## 10.00 – 12.00 BREAKOUT SESSIONS II

| Chronic Pancreatitis   | Hypoglycemia   | Pancreatic Cancer   |
|--|--|---|
| Managing Chronic Pancreatitis Endoscopically (Per Ejstrup, Ove Schaffalitzky de Muckadell) | Whole Exome Sequencing and CRISPR/Cas9 in search for New Genes in Congenital Hyperinsulinism (Yazied AlHaidan)<br>Whole Genomic Paternal Uniparental Disomy in Congenital Hyperinsulinism: A Multisyndromal Disease (Lene Christensen)<br>A Novel Somatic Gene Mutation in Pancreatic Tissue: Loss of Tumor Suppression and Hyperinsulinism (Annette Rønholt Larsen) | Treatment of Resectable, Locally Advanced and Metastatic Pancreatic Cancer in 2020 (Per Pfeiffer) |

## 10.45 – 11.15 COFFEE & EXHIBITION

|  |  |   |
|--|--|---|
| Pancreatitis: From genetics to cell biology (Markus Lerch) | Glucagonoma and Occult Insulinoma in a Girl with MEN1 (Tonje Drogseth)<br>Neurodevelopmental outcome after Hypoglycemia in Congenital Hyperinsulinism (Annett Helleskov)<br>Transient Congenital Hyperinsulinism: Genetic disease or Perinatal Stress? (Henrik Christesen) | Tumor – Stroma interaction in Pancreatic Cancer (Sönke Detlefsen) |
|--|--|---|

## 12.00 – 13.00 LUNCH

## 13.00 – 15.00 PLENARY SESSION 4

### Upcoming Research in Pancreatic Diseases

|               |  |
|---------------|--|
| 13.00 – 13.30 | Chronic Pancreatitis (Søren S Olesen)  |
| 13.30 – 14.00 | Novel Treatments of Congenital Hyperinsulinism: Liquid Glucagon, Insulin Receptor Antibodies, Novel Somatostatin Analogues, CRISPR/Cas9 Gene Therapy (Henrik Christesen) |
| 14.00 – 14.40 | Patient oriented Research in Pancreatic Cancer (Lars Lundell)  |
| 15.00         | SUMMARY  |

## End of Symposium

# First Scandinavian Baltic Pancreas Symposium

September 20-21, 2019  
Comwell Kolding, Kolding, Denmark

## State-of-the-Art Lectures by International Experts

- Genetics for Dummies
- Genetics in Pancreatic Diseases (Chronic Pancreatitis, Pancreatic Cancer, Hypoglycemia)
- Nutritional Problems
- Upcoming research in Pancreatic Diseases

## Meet the Experts

Hot Topics in pancreatic diseases discussed between participants and leading experts

## Breakout Sessions

## Poster Exhibition and Awards
