

Dear Colleagues,

Registration to the 5th European Days of Albinism Conference is now open! To find out more about the event, register online and submit an abstract for an oral presentation, go visit:

5eda.albinism.eu

The 5th European Days of Albinism (5EDA) will take place in Bordeaux, France, April 1st-4th, 2020. It is co-organized by Genespoir, the French Albinism Organization, and Albinism Europe.

The EDA is a **unique international event that includes scientific sessions with leading scientists in the field** as well as a meeting of the European organizations of persons with albinism and a gathering of young adults with albinism coming from all over Europe.

By bringing together physicians, researchers and representatives of albinism organizations, **the EDA scientific conference aims to strengthen the international albinism community, foster collaborations and contribute to a better health care for the benefit of people with albinism.**

Don't wait a minute! **Register now to benefit from the special early-bird registration rate!**

Looking forward to seeing you in April 2020 in Bordeaux!

Best regards,

Pr. Benoit Arveiler

Co-Chair of Albinism Europe Scientific Committee

Béatrice Jouanne

President of Genespoir

Antoine Gliksohn

Genespoir International Affairs Officer
